

Jake's LAGER

HUSH HEATH ESTATE

A flavoursome craft lager created with a traditional Kentish hop, an American classic and plenty of time.

Proving that patience is a virtue our winemakers, Owen and Fergus Elias, leave the lager in tank for 10 weeks, allowing the rich flavours to fully develop.

The result is a bright beer with a fresh aroma of caramel. The taste of lemon rind merges with a hint of sweetness from the malts.

A traditional pilsner style with an English twist.

FOOD PAIRING

The perfect partner for seafood like sushi. Equally, soothing for softening spices in a curry. If you can find lemon drizzle cake for dessert, make it happen.

HOPS

Goldings. A Kent classic. Lavender, honey and thyme on the nose. Tastes mildly bitter with sweet, silky notes.

Sterling. Named after the pound sterling by a USA hop breeder due to its "solid, reliable standard." Brings earthy spices with citrus fruit elements.

ABV : 4.5%

Available. 330ML cans, 30L kegs
