sand.

**Suitable for vegans**

# TASTING NOTES

*"Luke's Pinot Noir brilliantly showcases the elegance and depth of English reds, proving that the finesse of our vineyards can compete on the global stage."*

**Fergus Elias, Head Winemaker**

Crafted for depth and elegance, made from French clones grown on Wealden clay, this English Pinot Noir brings New World richness with a unique English character. A mix of French and American oak adds savoury complexity.

**Appearance**  
Light ruby red.

**Nose**  
Classic cool climate, delicately aromatic nose.

**Palate**  
Red berry fruits, cherry, raspberry and a touch of baking spice mingle with spicy vanilla and soft but firm tannins.

**Food Pairing**  
Best served slightly chilled, this versatile red complements white meats, roast vegetables, mushrooms, and herby lamb. Perfect for pairing without overpowering delicate dishes.
